### Corrugated Foam Closure Strip

Inside / Outside

(available for 7/8" and 2-1/2" profile)

### EMSEAL AST HI-ACRYLIC

1/4" x 1" x 19ft

3/8" x 1" x 13ft

- AST is a self-adhering foam tape impregnated with water based acrylic-modified asphalt emulsion
- It is an excellent alternative to butyl tape & open-cell polyurethane foam strips
- Will not dry out and become hard and brittle
- UV-stable, Highly resistant to bugs and vermin
- Will not extrude from between joints like caulk or butyl tapes
- Conforms to contours and fills gaps
- Maintains a seal during thermal expansion and contraction of building panels
- Excellent compressibility and recovery (minimal compression set)
- No shrinkage or blow-out due to closed-cell breakage
- Supplied with self-adhesive on one side. After removal of packaging, material begins gradual expansion – more slowly in cold weather than in hot.
