

Butyl Panel Sealant Tape

3/8" x 3/32" x 50ft

1" x 3/32" x 50ft

- TACKY TAPE is a 100% solids, asbestos free butyl tape sealant in roll form.
- Applications include metal roof endlaps, sidelaps, vents, gutters, pipe flashings, skylights.
- Service temperature range is -40 Degrees F- +180 Degrees F
- Material will not become brittle or crack.

EMSEAL AST HI-ACRYLIC

1/4" x 1" x 19ft

3/8" x 1" x 13ft

- AST is a self-adhering foam tape impregnated with water based acrylic-modified asphalt emulsion
- It is an excellent alternative to butyl tape & open-cell polyurethane foam strips
- Will not dry out and become hard and brittle
- UV-stable
- Highly resistant to bugs and vermin
- Will not extrude from between joints like caulk or butyl tapes
- Conforms to contours and fills gaps
- Maintains a seal during thermal expansion and contraction of building panels
- Excellent compressibility and recovery (minimal compression set)
- Good thermal and sound insulator
- No shrinkage or blow-out due to closed-cell breakage
- Supplied with self-adhesive on one side. After removal of packaging, material begins gradual expansion – more slowly in cold weather than in hot.

Polyurethane Sealant

- Tube sealant is designed for a wide variety of substrates including steel, aluminum, concrete & wood
- Urethane is designed to seal horizontal construction joints that are subject to structural movement
- Urethane can withstand prolonged water immersion
- Urethane is available in various colors to match substrates

Acrylic Sealant

- Acrylic is a multipurpose sealant designed for exterior applications such as skylights or window frames
